

Keeps the wheels rolling.

Vilaza UAB is a Lithuanian company specialized in staffing and assignments. We assist, when labor is needed in the food, metal, electronics and precious metals industries of the Nordic countries.

Our office is located in Gargždai town in Lithuania.

VILAZA

Keeps the wheels rolling.

TRADES Vilaza trades workforce to you, when you most need it.

SEEK With out innovatic recruiting system we keep continuously seeking cabable and professional crew.

GLOBAL Our thought is that work dosen't have any borders in the global world. We offer labour to employer and work for jobseeker. Possibilitys are limitless!

We offer staff to our clients both for temporary and short works and even longer duration works, depending on demand. Our workers come from Lithuania and other Baltic countries.

TEMP SERVICE

BY CHOOSING OUR SERVICES you will be offered flexibility, and getting skilled workers to your company will be ensured exactly then, when you are in need of labor. We seek professionals of different branches for different duties according to needs of the client. Together with your company, we define a profile and a job description of a person you are looking for. Because we have a large network of professionals from different areas, we guarantee that we will find exactly the right person for you – taking the resources of your company into consideration.

AFTER WE HAVE FOUND A RIGHT PROFESSIONAL, we will take care of the worker's contract of employment, payment of wages and salaries, occupational health care and all statutory obligations of the employer as well.

BRANCHES FOR WHICH VILAZA UAB OFFERS ITS SERVICES:

Food industry, with specialisation in fish industry.

Metal industry, welding and shipyards

Data and electronics industries and programming.

Handicrafts and jewel industry and agricultural works

Industry, retail trade and cleaning of restaurants and hotels

Woodworking industry, road transportation and car service

Keeps the wheels rolling.

HIRING LABOR OFFERS THE FOLLOWING ADVANTAGES:

- **SIMPLICITY** – no wide and cumbersome application process is needed: we manage time-consuming works instead of you and take care of obligations of the employer.
- **FLEXIBILITY** – we offer workers for a time period for which you need them. This way you can provide for the changes on the market.
- **SPEED** – we supply a lot of labor, and thus we will quickly find a substitute or a longer-time professional. We have a large register of professionals in different areas at our disposal.
- **ASSURANCE** – a secure way to find a professional worker, because our company performs all the works and obligations involving the search for a worker.
- **SAVINGS** – there will arise no heavy fixed costs, and by enhancing the functions you can concentrate on the main business of your company.
